

WINDOW SAFETY

HouseCheck NSW offer a complete range of window safety solutions, from site inspection and risk identification to device installation, compliance & regular re-inspection.

WINDOW SAFETY DEVICES ARE MANDATORY

NSW Child Window Safety Legislation is in effect now.

Owners' corporations have until March 2018 to ensure that compliant window safety devices are installed on strata buildings.

However, if a window fall occurs before March 2018, owners may be held personally liable.
